You all did really well for your first time of Orienteering and we hope that you will want to try it again some time. Our next event is on **September 5<sup>th</sup>** based at **Bournemouth University** in Wallisdown so really close by. We also have an event on **October 4<sup>th</sup>** in the **New Forest**. Details of both of these are elsewhere on our web-site.

Have a look on our web-site at Permanent Courses which you can download free and try out when you want. Also look at forthcoming events. If you can't trust your parents at home alone you can always bring them with you, they could even give you a lift to events. We hope to see some of you again at proper Orienteering events when we would be happy to introduce compasses to you. We have them available to borrow.
