

WESSEX ORIENTEERING CLUB

Monday 3rd February 2020 Wessex Region Night League

Welcome to the latest event of the Wessex Region Night League 2019-20, being held at **The Haymoor** pub on Canford Heath (enter car park from Culliford Crescent, as if going to Asda, pub is on the far side of the car park) – **BH17 9DY** is a close postcode.

Registration open 17.30-18.30

To reserve a map, please use [this form](#).

Starts are 18.00 – 19.00

Course closes by 20.00.

Don't forget to download promptly after finishing.

The start is a short walk away – close to the Asda entrance (under cover in case of inclement weather). The finish is just outside the pub (same as last year).

The competition map comprises 3 distinct areas, separated by major roads which are strictly Out Of Bounds. **Underpasses must be used to pass between the area (see display maps in assembly).**

There are 38 controls – which may be visited in any order. Three controls are worth 50 points each, all the rest are worth 10 points each.

The optimum route is approximately 10km.

The area is a mixture of urban, heath and parkland. In places it is very wet and muddy! Full leg cover is recommended, particularly for visiting controls in the heathland areas. Areas of the map marked with darker green or undergrowth hashing are best avoided – particularly at night! They are very unpleasant, if not impossible to cross without significant personal injury to arms and legs!

Please respect private property, local residents and other users of the area.

Planner: Dale Paget
